We're all another month older but it was a fun one; starting out on April Fool's Day with the British Car Show in Winter Park, there were 173 cars entered and at least 8 ABCC members volunteering to work at the show. Could have been more but I needed two fingers to hold my drink. The Lunch Bunch (29 attending) had a great turnout in NSB at Riverside Grill. Food was good and the conversation was even better. For those who trust their cars to travel distances (98 miles one way) there was the 2017 GOF South held at a venue in Crystal River that the name escapes me right now. The cars were displayed along a manatee infested canal out back which was divided by the

swimming pool. Beautiful cars were on display from as far away as Georgia. One of the attendees was the NAMGBR National Secretary Larry Norton from Georgia with his MGB that he has driven over 100,000 miles. Lunch and a beer I was on my way back to Volusia County, couldn't miss the ABCC Birthday Party on Sunday, cake and ice cream for all who came. It was a festive crowd and an enjoyable, afternoon. Don't tell Linda but I left with a hula girl.

Keep your eyes open for future events, maybe a 3 day drive, trip to an orchid factory, and naturally the next Lunch Bunch location.

Keep the shiny side up,

Doug

Birthday Party

Not many pictures, we were busy serving or eating the cake and ice cream. The gift exchange group was well behaved.

Bob and Sara's four-legged buddies were ever vigilant guarding the cake from marauding K-9s (just trying to keep some for themselves.)

Historical Trivia

Ladies wore corsets, which would lace up in the front. A proper and dignified woman, as in 'straight laced'. Wore a tightly tied lace corset.

Common entertainment included playing cards. However, there was a tax levied when purchasing playing cards but only applicable to the 'Ace of Spades..' To avoid paying the tax, people would purchase 51 cards instead. Yet, since most games require 52 cards, these people were thought to be stupid or dumb because they weren't 'playing with a full deck.'

Early politicians required feedback from the public to determine what the people considered important. Since there were no telephones, TV's or radios, the politicians sent their assistants to local taverns, pubs, and bars. They were told to 'go sip some Ale and listen to people's conversations and political concerns. Many assistants were dispatched at different times. 'You go sip here' and 'You go sip there.' The two words 'go sip' were eventually combined when referring to the local opinion and, thus we have the term 'gossip.'

At local taverns, pubs, and bars, people drank from pint and quart-sized containers. A bar maid's job was to keep an eye on the customers and keep the drinks coming. She had to pay close attention and remember who was drinking in 'pints' and who was drinking in 'quarts,' hence the phrase 'minding your 'P's and Q's'.
